Politechnika Łódzka

**Assistant professor in a group of research and teaching staff
Institute of Applied Computer Science**

Lodz University of Technology is one of the finest universities of technology in Poland. Its tradition and experience in training professionals and conducting research date back more than 75 years. It is an attractive partner for business. It cooperates with the largest national and international corporations. It conducts research of a European standard, develops new technologies and creates innovation in collaboration with the leading research centres all over the world. One of the pillars of Lodz University of Technology management is equal treatment of staff regardless of their gender, age, race or other demographic and social characteristics. In 2016, TUL was the first technical university in Poland to receive the HR EXCELLENCE IN RESEARCH award certifying that the University adheres to the principles of *the European Charter for Researchers* and *the Code of Conduct for the Recruitment of Researchers*.

1. Requirements for the candidate

The candidates for the position mentioned above should have:
- a PhD degree in technical sciences in the field of computer science;
- documented scientific achievements in the discipline of technical information technology and telecommunications, with particular emphasis on scored publications in English;
- documented participation in grants and/or scientific or didactic projects;
- at least 5 years of experience in conducting didactic classes in the field of Computer Science, at first and second degree studies;
- fluent knowledge of the Polish language enabling conducting education and organizational activities in this language;
- programming skills in C/C++, Java, JS, Python, HTML5, CSS;
- knowledge of issues related to algorithms, client-server architecture, web application development;graduate from University obtaining a master's degree, master's degree in engineering, or an equivalent title in the field of computer science;

2. Work conditions and rights related to the position.

Full-time from October 2023.

3. Responsibilities:

The assistant professor will be involved in scientific, didactic and organizational work of the Institute of Applied Computer Science of the Lodz University of Technology. The duties of the person employed in this position will include:
- conducting scientific research in the declared area and publishing results;
- conducting classes with students in Polish (exercises, laboratories, projects) in the field of computer science at first and second-cycle studies (including full-time and part-time studies);
- organizational work for the University, the Faculty, and the Institute.

4. List of the required documents:

1) application for employment to the Rector of Lodz University of Technology;

2) Personal questionnaire for a person applying for employment at the Lodz University of Technology, as provided in Annex no. 1.1 to the OTM-R POLICY - OPEN TRANSPARENT MERIT-BASED RECRUITMENT;

3) Data Privacy Statement as provided in Annex no. 1.2 to the OTM-R POLICY - OPEN TRANSPARENT MERIT-BASED RECRUITMENT;

hr HR EXCELLENCE IN RESEARCH

4) Consent to the processing of personal data, as provided in Annex no. 1.3 to the OTM-R POLICY - OPEN TRANSPARENT MERIT-BASED RECRUITMENT;

5) copy of the certificate of degree of Master of Science,

6) other documents confirming the qualifications held.

5. Place, form, and deadline for submitting documents
All documents should be sent or personally delivered to the following address:

Instytut Informatyki Stosowanej, Politechnika Łódzka, 90-537 Łódź, ul. Stefanowskiego 18 (building A10, 3rd floor, room 303), and to e-mail: mariola.martynowska@p.lodz.pl by **August 19, 2023**

After the decision is announced, the documents can be taken back in person from the Institute of Applied Computer Science office

6. Contact person details, the postal and electronic address to which documents and their scans can be sent.

Instytut Informatyki Stosowanej, Politechnika Łódzka, 90-537 Łódź, ul. Stefanowskiego 18 (building A10, 3rd floor, room 303), mariola.martynowska@p.lodz.pl

7. The expected date of the announcement of the decision: 25.08.2023

The Institute of Applied Computer Science (IIS), established in 1995 led by a gender parity executive board (director: prof. Jacek Kucharski), comprises around 70 employees and young researchers (18% professors, 33% researchers, 35% Ph.D. students, and 14% technical and administrative staff), which places it among the largest entities of the University. The main goal of IIS is to foster personal potential through superior education and research in applied computer science. In that context, the Institute is strongly engaged in scientific areas, including computational approaches for process tomography, human-computer interaction, biometrics and bioinformatics, artificial intelligence and deep machine learning, and computer vision for natural science and biomedical applications. Key research areas are supported by Master studies such as the Human-Computer Interaction (since March 2021; in English) or the new Artificial Intelligence and Machine Learning program (Start date: March 2022; in polish). The Institute is also strongly involved in other computer science programs at the 1st and 2nd cycles, where it is responsible for delivering courses on fundamentals of computer science (e.g., algorithms, programming, operating systems) and other more specialized topics (software engineering, computer network systems, computer vision). IIS also leads numerous research and education grants, either funded by Polish or EU institutions. Computer science students can also join two very active science clubs (UbiComp, Main()) supervised by dynamic scientists. Therefore, the Institute of Applied Computer Science gives scientists a wide range of opportunities to develop their research and didactic skills.

9. Please include the annotation ' Job Application' on the envelope if documents are sent by post.

Data Privacy Statement for job candidates

Pursuant to Article 13(1) and (2) of Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data and repealing Directive 95/46/EC (General Data Protection Regulation, Official Journal of the EU L 119/1), hereinafter referred to as "GDPR", we inform you as follows:

1) Lodz University of Technology with the registered office in Lodz is the Controller of your personal data;

2) We have appointed a Data Protection Officer to supervise the compliance of personal data processing, who can be contacted in matters concerning the protection of your personal data at the following e-mail address: iod@adm.p.lodz.pl; telephone number: 42 631 2039; or in writing to the address of our registered office: Lodz University of Technology, Żeromskiego 116, 90-924 Łódź;

3) As the controller, we will process your data for the purpose of the recruitment process for the position indicated, based on your consent (Article 6(1)(a) GDPR);

4) You have the right to withdraw your consent to the processing of your personal data at any time, but such withdrawal shall not affect the lawfulness of the processing effected on the basis of your consent prior to its withdrawal;

5) You have the right to lodge an objection against the processing of the data as set out above at any time. We will cease to process your data for these purposes unless we can demonstrate that there are compelling legitimate grounds for us to do so which override your interests, rights, and freedoms, or that your data will be required for the possible establishment, assertion, or defense of claims;

6) Your personal data provided in the CV, personal information form for the applicant for employment, and copies of documents supporting your professional experience, education, additional credentials and qualifications will be processed for the period in which claims related to the recruitment process may arise, i.e. for 6 months following the conclusion of the recruitment process. For individuals who have given their consent to the processing of personal data for the purposes of future recruitment, for a period of 12 months following the conclusion of the recruitment process during which the consent has been given;

7) Only individuals authorized by the Controller to process your data in the performance of their duties will have access to your data;

8) Your personal data will not undergo automated processing and will not be subject to profiling;

9) Under GDPR, you shall further have:

a) the right to access your data and to receive copies thereof,

b) the right to rectification (amendment) of your data,

c) the right to erasure/to be forgotten, restriction of data processing,

d) the right to data portability,

e) right to file a complaint to the supervisory authority - President of the Personal Data Protection Office, Stawki 2, 00-193 Warsaw.
